

## Chairman's Statement:

Welcome to all of our guests & sports people who are representing a wide variety of clubs, organisations and disciplines who are here to celebrate their successes. We have had a huge number of nominations in all categories and this has demonstrated the wide-ranging representation of sports and have competed in many different countries.

These sports people cannot achieve success without a strong club or team culture and the hours of time that their coaches and volunteers dedicate to improving performances. It is great to see the youngsters producing results but also the over 18s achieving equally remarkable feats.

Milton Keynes is the European City of Sport 2020 and this will be a great way to showcase our clubs and organisations with a vast number of events taking place over the full spectrum of sporting activities. Sport MK hopes that everyone will get involved throughout the whole year.

If you would like information regarding any of the clubs mentioned this evening or are interested in taking up a sport, please get in touch via our website or email one of our committee and we will endeavour to point you in the right direction. I hope you enjoy the evening.

Colin Kightley
